

Possibility Business In Action

AMF designs the “ Flow “ between people and corporate (or spatial) environments. We provide fundamental building maintenance solutions that safeguard everyday stability, enhance workplace efficiency, and improve quality of life by creating smooth interactions for those within the space.

Perfect Total Solution Company

Driving Possibility, Together

02

AMF transforms the operations of leading companies into opportunities

Even amidst the tides of change, AMANFLOW pursues relentless innovation and growth, responding to the demands of the era with steadfast standards and insightful solutions.

With a deep understanding of our clients' diverse business sectors and based on precise diagnostics, we place professionally trained specialists in the right positions at the heart of each site, delivering total outsourcing solutions that cover every aspect of building operations both inside and out.

Our smart, streamlined systems help create measurable performance at client sites and contribute to building sustainable operational environments.

Drawing on our accumulated operational expertise and refined solution quality, we go beyond mere satisfaction to deliver a compelling value that resonates.

About Logo

AMANFLOW Inc. (AMF Inc. Symbol Mark)

4-Line Upward Curve Structure

사선 상승 곡선 구조

AMANFLOW CI

The AMANFLOW logo embodies a philosophy where **people and flow rise together in balanced harmony.**

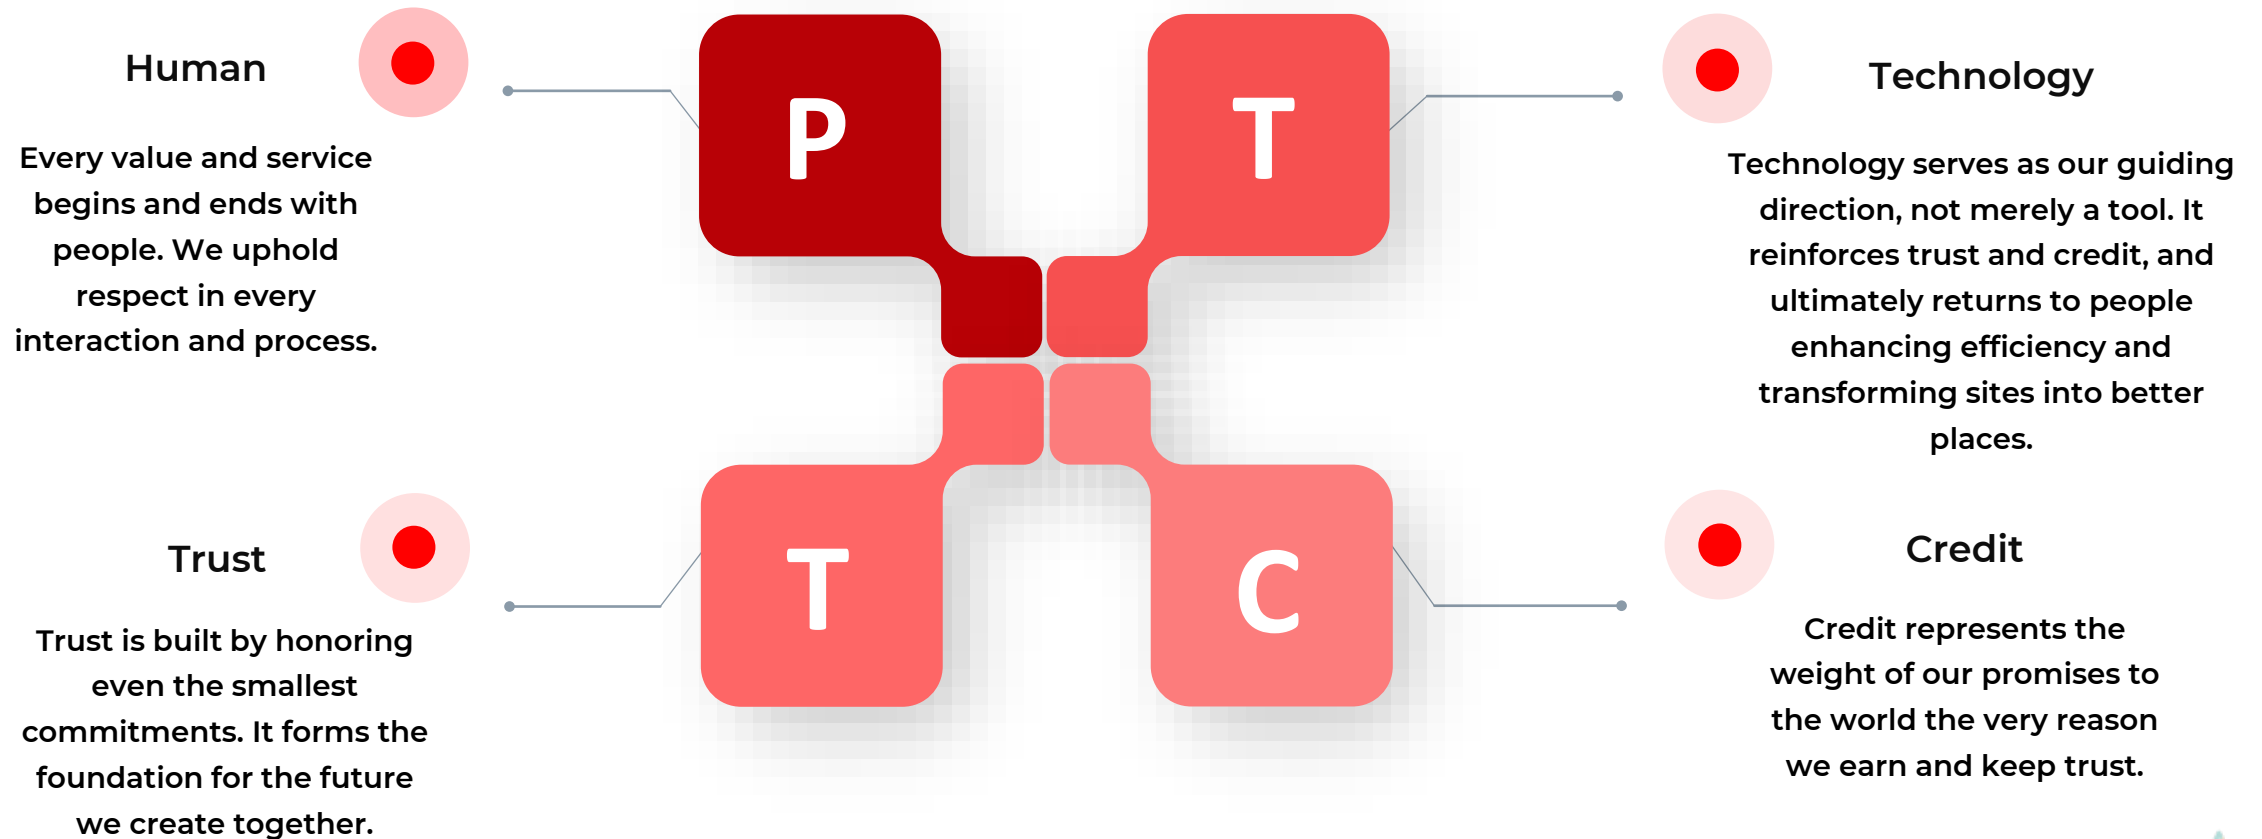

Its four upward curves symbolize **Growth, Stability, Flexibility, and Sustainability**, expressing a unified movement of people, companies, and technology advancing in harmony.

The gentle base curve represents our foundation, while the rising upper curve conveys **forward energy and future direction.** Overall, the symbol captures our **balanced, human-centric approach** to sustainable growth and seamless operational flow.

Value Proposition

A human-centric outsourcing company that seamlessly connects people and facilities,
built on the four pillars of People, Trust, Credit, and Technology.

Vision and Mission

비전 & 미션

Vision:

To evolve into a smart outsourcing platform where people, technology, and systems are organically connected — becoming a trusted partner that supports domestic and global clients in creating sustainable value and enhancing operational competitiveness.

Mission:

1. Enhance efficiency and quality with tailored workforce and facility solution.
2. Maintain consistent, responsive service via standardized processes.
3. Innovate with lightweight robotics and smart technologies.
4. Foster lasting partnership through transparency and results.

Simple Organizational Chart

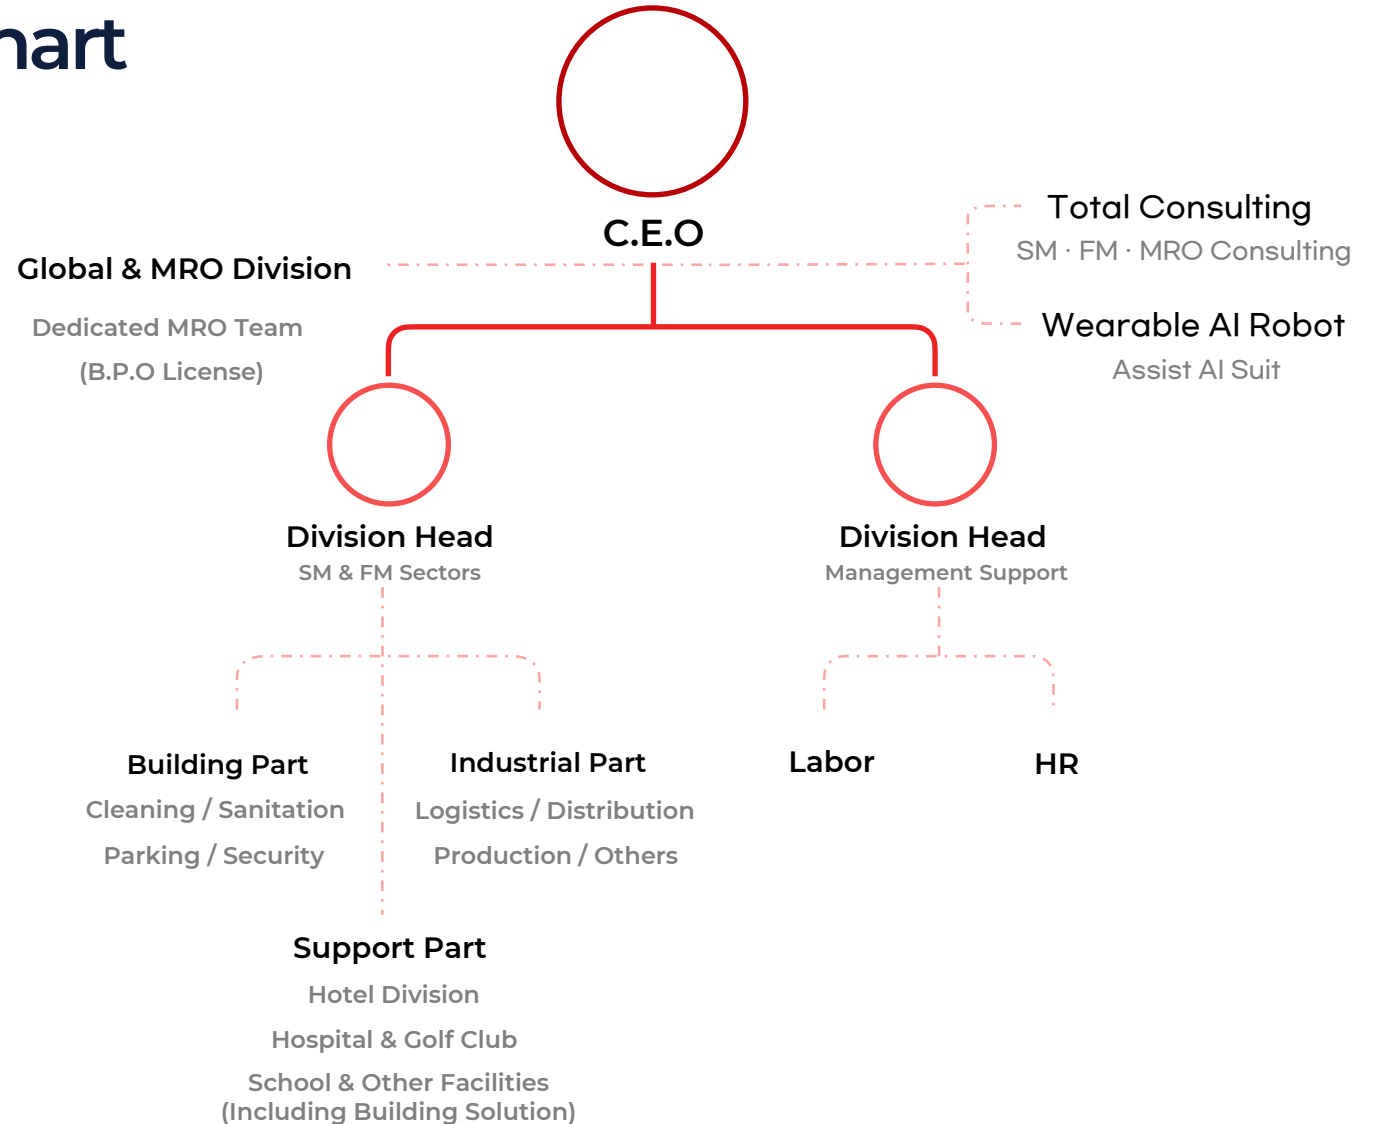

간략 조직도

AMANFLOW Inc. operates with a streamlined organizational structure, enabling quick decision-making and execution.

Clear separation of roles and responsibilities minimizes redundancy, enhances on-site responsiveness, and ensures consistent service quality.

We prioritize performance over complex procedures, aligning the entire organization in a unified and coordinated direction.

Amanflow Inc.

WHY? 도급(Outsourcing)?

Budget Flexibility & Cost Savings

Operate with the necessary workforce to ensure stable operations and significantly reduce unnecessary costs.

Verified Personnel & Systematic Service

Deploy experienced staff, maintain consistent quality through standardized training and operational manuals.

Risk & Legal Stability

Minimize related risks while ensuring legal compliance and operational safety.

Core Focus & Productivity Boost

By outsourcing non-core tasks, companies can focus on strategic priorities, boosting overall productivity and employee satisfaction.

Making Flow of Trust and Perfect

AMF delivers a “Perfect Trust” through people, technology, and experience, enabling clients to operate with confidence while enhancing efficiency, competitiveness, and long-term success.
